

Having served in the state legislature at the time of Governor Hiram Johnson, now U. S. Senator, was at the head of our state government and knowing the State Board of Control did at times invest in municipal and other government lands, Hewitt was sent with the writer to Sacramento to interview the governor in our behalf. Our mission was rewarded by the sale of the entire issue to the State of California. The judgment was satisfied and our city then became owner of its "first drop of water."

The last round was simple and easy, though it did consume considerable time—that of acquiring the balance of all water rights in the canyon, the water bearing grounds and distributing system of the Mutual Water Company. This was consummated in all details in 1914.

Forestry Bowlers Win Championship; Firemen Take Heed

From a three-way tie at a Monrovia bowling alley, the Forest Service bowling team came out on top to win the mixed league championship—medal and all. It was a 38 week tournament and the finish May 27 was tight, with the local keggers pitted against some very good players.

On the team were Ed Thormedson, 167 av.; Earl Marsh, 155 av.; both from the Arcadia warehouse; Clyde Thyberg, 155, and Hap Mueller, 130, from the supervisor's office in Los Angeles; and "Cy" Cyester, from the Santa Anita District office, with an average of 148. Now the Foresters want another crack at the Sierra Madre firemen bowlers.

Mary Lou Lovejoy will present an acrobatic dance at a talent program to be given June 11. Ten-1 conference members originated the idea and the program material which will be used.

Election time has come around again at Wilson and the student body was prepared for it at the nominating assembly today when nominees will be introduced by their campaign managers.

Edwina Rhodes, 9-2, is a candidate for vice-president; Sheila Colbert, candidate for girls' athletic commissioner; Bernice Kreitzer was nominated for thrift and finance commissioner. Louis Marlette is a manager for Gerald Bronstein, also a thrift and finance commissioner candidate. Ballots will be cast during conference periods on June 10 and 11.

FIRST TRIP EAST OF THE MISSISSIPPI

Mr. and Mrs. Robert Young, of 110 East Mira Monte avenue, returned from a vacation trip which took them east of the Mississippi for the first time. Traveling with Mr. Young's mother, Mrs. D. L. Young of Whittier, the Youngs visited relatives and friends in Eureka, Ill., and Lafayette, Ind., then drove to Chicago, Detroit and Lansing, Mich., before returning to New York for a several days' stay with relatives. Everywhere they found early spring flowers, and were particularly delighted with the eastern lilacs and tulips which were at their best. The party returned via Missouri where Mrs. Robert Young attended the graduation exercises at the Presbyterian College at Parkio, when her school friend, Miss Margaret Kellogg of Whittier, received her A.B. Miss Kellogg accompanied them home.

Raymond D. Andrews II, spent Thursday at Balboa with the Young Peoples Fellowship of All Saints Church.

A man should never be ashamed to own he has been in the wrong, which is but saying, in other words, that he is wiser today than he was yesterday. —Pope.

FLAG DAY

The nation celebrates Flag Day on June 14—the day on which, 163 years ago, the Continental Congress adopted the Stars and Stripes under which this country fought its battle for independence to a victorious climax.

Not only did these United States fight for independence as a nation they fought also to establish a government under which freedom and certain inalienable rights might be secured for all the people. This was a higher ideal by far than any nation has ever before aspired to, and there were not a few, in Europe as well as on these shores, who foretold early and swift disaster to a country which so boldly cast off the trapping of Old World traditions, customs, beliefs, and championed a government dedicated, not to the service of any class or caste, but to the welfare of all persons.

The skeptical prophets have proved overwhelmingly wrong. In the more than a century and a half since America's flag was first unfurled in the embattled days of the Revolutionary War, monarchies have risen and fallen, kings have been dethroned, titanic social changes have given birth to new nations and swept others into oblivion, yet steadfast as then, the Stars and Stripes still wave proudly over this land of the free.

Not a miracle but the wisdom of the Founding Fathers—in fashioning a government which, with freedom as its touchstone, could peacefully adjust itself to change—created a government which has outlasted all others.

These are the reasons why we can pledge allegiance this June 14 to those self-same Stars and Stripes which, on June 14, 1777, inspired a nation to struggle, pray and sacrifice much, in the undying cause of liberty.

City Ranks High In Sale Of U.S. Bonds At Postoffice

Sale of United States Savings bonds for the year 1939 totaled \$17,081.25 at the Sierra Madre post office, giving the local post office a ranking per capita of 101, which is considered very good. Postmaster R. O. Calkin said yesterday. Sierra Madre was included in the list of second class postoffices in the State of California, and the total included sales at the window and mail order sales.

A total sale of bonds in Los Angeles amounted to \$14,755,968.75 for 1939, it was reported, and Pasadena purchased \$1,688,100 worth. Approximately 16,000 post offices throughout the country sell the bonds.

Legislative Comment

By T. FENTON KNIGHT
Assemblyman 45th District
ELLER costs in California have been reduced \$50,000,000 the 1939-1941 biennial period as a result of the "economy bloc" legislative battles against Governor Olson's program.

The sum of approximately \$24,000,000 voted for support of relief in California until May 31, 1941, will adequately cover all proper relief payments. State Relief Administration officials reported while we were in session at Sacramento that there was a surplus of \$1,247,000 still left of the \$12,200,000 we voted for relief in February.

It will be necessary to again consider a relief appropriation in December, when the legislature reconvenes, to carry the relief load until the end of the biennium June 30, 1941, but the probable appropriation will bring total relief expenditures for the two-year period to about \$80,672,000, against the demands made by Governor Olson at the start of the term for \$131,025,000, a figure which results have shown to be wasteful and exorbitant.

Our fight against the Olson demands and our insistence that relief money be spent carefully resulted in the SRA case load dropping from 116,000 cases in February to 78,000 cases in May. We feel this is ample evidence that we have done the right thing and have been of real service to everyone who pays taxes.

While relief matters monopolized attention at the special session, the legislature voted money for forest-fire protection, for repair of storm-damaged levees along the Sacramento River valley, and refused again to consider Governor Olson's demands that an additional \$50,000,000 in taxes be imposed upon the people of California.

will exceed that record. Motorists may go through the sheds and see the washing, sorting, sacking and so forth, which is very interesting. Activity is centered on U.S. No. 99, just north of Bakersfield, at Lerdo, Ortollo, Saco and at Shafter and Masco.

"Not money, but sweat," said a dark-horse presidential candidate the other day, "will bring back prosperity to America. We can't buy good times with money!" As if taking the cue, Secretary Wallace bade farewell last week to any further acreage reductions in major crops—a startling reversal of policy that only war kept from the front pages. The nation will await with interest to see if work, sweat, and more production, will accomplish what less work, less perspiration, and under-production failed to do!

The Russian bear has been growling angrily these last few days at little Lithuania, whom she took "under her protection" last Fall. Russian soldiers stationed there, says Moscow, have been kidnapped. When Red Army soldiers first marched into the Baltic states eight months ago, they expressed open-mouthed astonishment at the good food, good clothing, and low prices to be found in that "capitalistic" country. Is it possible the kidnapped soldiers have simply deserted instead? At any rate, Lithuania has replied perkily, "If you want the situation clarified, we'll gladly do so!"

With the sensible conviction that it's a wise man who locks the barn door before the horse is stolen, President Roosevelt's new organization measure shifts the immigration and naturalization services from the Labor to the Justice Department. The belief, which the majority of Congress shares, is that those services can best contribute to the nation's welfare and safety if they are integrated with the activities of the Department of Justice. That department has been newly enlarged and its personnel greatly increased. The American people can therefore have complete confidence that the safety of the nation is being all the more jealously guarded against any and all hostile agents and activities. There is no need for instigating witch-hunts, for peering every bush with a spy, or looking suspiciously upon a neighbor who speaks with a foreign accent. The investigation and suppression of "fifth column" activities should be left in the experienced, competent hands of the Department of Justice.

Nine thousand persons died from cancer in California last year. Of this number who fell victim to the disease which, in its later stages, still baffles the best minds of science, fully one-half could have been saved if the symptoms had been recognized and proper treatment given early! This was the declaration of medical experts last week as California joined with other states in the annual fund raising drive to help save lives from cancer.

Kern county's potato industry, which has been growing each year, will exceed its previous record again this year, reports the National Automobile Club. Last year 17,601 carloads were shipped to all points in the United States and this year shipments

Large Attendance Asked At Historical Society Meeting

Sierra Madre Historical Society will hold its annual election of officers at a meeting scheduled for Thursday, June 20, at 2 o'clock in the community house of the city park.

William Lauren Rhoades in announcing the meeting urged a good attendance of members. "We will have a very interesting program," he said. "One of the features will be the reading of the history of the founding of the famous Sierra Madre Villa Hotel."

"We are particularly anxious to have that day some of the new residents of Sierra Madre. There are many here who know little or nothing of the past history of our city and we are sure they would take an interest. So we extend this invitation. Many people think they must be pioneers to be members of the Historical Society, but this is not the case. Anybody a resident of the city can be a member."

Maynard Dixon, eminent California artist, and Mrs. Dixon, were guests of honor Tuesday evening at the Hermosa avenue home of R. F. McGraw who entertained a group of friends with color photographs of his recent two weeks trip to the lesser known section of the Utah and northern Arizona desert.

Sad Story To Be Told By The Census

It Is The One Behind Broken Homes Listed By Enumerators

Do women object to telling their ages to the census taker? Contrary to general opinion, one census taker who enumerated many, many people, in the count of citizens now nearing completion, said none of the women objected to the age question, though several men did. Objections to hiring older men in industry seems to be the basis for this newly found coyness among males about their age.

Human interest stories were told by enumerators, one of whom said, "The saddest of all American stories is the one behind all the broken homes. In at least 60 percent of the homes in my district, I found divorced sons and daughters who had come home with their offspring to stay with Mother and Dad, readjusting their lives and their children's lives, seeking work and some sort of adaptation to a different world."

The age of marriage has changed very little, one census taker disclosed, who visited innumerable married couples between the ages of 16 and 24. The average number of children was three to a family.

GOD HAD ANOTHER MESSAGE FOR EZEKIEL TO GIVE THE JEWS IN BABYLON CONFIRMING THE JEWS STILL IN JERUSALEM. "TAKE A BARBER'S RAZOR, SHAVE OFF THE HAIR OF YOUR HEAD AND YOUR BEARD. TAKE A PAIR OF SCALES AND WEIGH THE HAIR INTO THREE EQUAL PARTS."

THEN GOD TOLD EZEKIEL TO TAKE THE FIRST PART OF THE HAIR AND BURN IT BEFORE THE PICTURE OF JERUSALEM WHICH HE HAD DRAWN ON A TILE. THIS SHOWED THAT A THIRD OF THE PEOPLE IN JERUSALEM WOULD DIE OF FAMINE WHEN NEBUCHADNEZZAR BESIEGED THE CITY.

EZEKIEL WAS TOLD TO TAKE THE SECOND PART OF HIS HAIR AND CUT IT INTO SMALL PIECES WITH A KNIFE. THIS SHOWED THAT A THIRD OF THE PEOPLE WOULD FALL BY THE SWORD WHEN NEBUCHADNEZZAR CAPTURED AND BURNED JERUSALEM.

EZEKIEL SCATTERED THE THIRD PART OF HIS HAIR TO THE WINDS TO SHOW THAT THE THIRD PART OF THE PEOPLE WOULD BE SCATTERED AMONG THE NATIONS OF THE EARTH. EZEKIEL WAS TOLD TO HIDE A FEW HAIRS IN HIS ROBE! GOD WOULD PROTECT THOSE WHO OBEYED HIM.

Home Gardener Has His Own Little "Jeweled Corridor" Of Epiphyllums On East Montecito Avenue

Rivaling the orchid in delicate waxy beauty, epiphyllums, in spite of their lowly origin, present a spectacle of unusual loveliness in the garden of George Cox, former chief of police. The botanical name of the flower means "leaf cactus," but there are no leaves, only a leaf-like stem, upon which the flowers are borne. While it is now a little late for them, there were two striking red blossoms on one of the seven Cox plants yesterday. He has three red ones, three white—which are especially beautiful with their "dipped in wax" appearance—one salmon pink and one pink.

"My collection isn't exactly the 'jeweled corridor' that is attracting thousands to the great collection at the Coolidge rare plant gardens," said Mr. Cox, "but we have enough of them to show how rich the colors are, and how delicate and beautiful the flowers are."

The flowers are native to Brazil, Mexico, the Argentine and other tropical countries, but many of the newer types have been developed in Europe. They have been in cultivation for many years, and there are many fine hybrids. Like all cactus, the flowers are large and very showy. They come in practically all colors of the rainbow, and Mr. Cox' favorite is a large bronze flower. He has seen epiphyllums with as many as 75 blossoms, and thinks one of the most spectacular sights in the flower world is a blossom 12 inches in diameter. When cut at the height of their blooming period, they last about a week, he said.

All of Mr. Cox' epiphyllums came from cuttings and he has had no trouble with them at all. They are quite easily cultivated, requiring a semi-shady location in a mixture of one-third good sandy

loam and two-thirds well rotted oak leafmold. Good drainage is especially essential.

Barlow Coral Trees In Bloom Now Are A Beautiful Sight

Flaming beauty ascends to the sky at the W. J. Barlow estate on West Highland avenue where five large coral trees are now in full blossom with brilliant flowers making a lane of color on Highland avenue. The trees seed themselves, according to W. C. Kennedy, caretaker of the estate, who pointed out the slender pods.

An ancient black mulberry tree covered with berries and a joy to pigeons and other bird visitors to the estate is a mass of berries. The branches spread out about 55 feet, leaving a large cool, shady area underneath where many people might relax. Before it was trimmed it measured about 75 feet, Mr. Kennedy says, and the branches formed a canopy which grew and grew. The trunk of the tree is small in proportion to such a large spread. There used to be six mulberry trees on the estate, but this and a white mulberry tree, are the only ones that remain.

Garden Club To Meet At Rappolee Home

Sierra Madre Garden club will meet at 6 o'clock Monday evening at the home of Commander and Mrs. C. E. Rappolee, 491 West Montecito avenue. A pot luck supper will be served in the patio. Please bring your own service.

Jacques Hahn, president, will give a colored slide lecture that will interest all garden lovers. Remember the plant exchange that never fails to bring satisfaction to all. Also, pack your garden problems in the question box—efficiently answered by Mr. Hahn. An invitation is extended to all who are interested in flower culture.—Georgia Foster.

MODERN JOAN OF ARC AT THE PLAYHOUSE

A modern Joan of Arc, defying the despoilers of free thought and religion, provides the central figure of high drama in Norman Macowan's turbulent play of freedom, "Glorious Morning," which comes to the Pasadena Community Playhouse stage for one week only, June 11 to 15. Not since the memorable "Judgment Day" has a play painted the scene of dictated thought and action as forcefully and brilliantly as does "Glorious Morning."

HERBERTS OFF ON A MIDWEST VACATION

Dr. and Mrs. C. L. T. Herbert, 223 North Mountain Trail avenue, left yesterday for a three weeks trip through the Middle West. They will visit relatives and friends in several states, and their itinerary will include Illinois, Iowa, Minnesota and Nebraska. At St. Louis, Mo., Dr. Herbert will attend the national convention of the American Osteopathic Association and also expects to attend class reunion at the University of Iowa. The Herberts expect to return to Sierra Madre, by way of Salt Lake City, about July 1. During their absence, Mrs. Herbert's sister, Mrs. R. S. Hayden of San Diego, will occupy the Herbert house.

SCOUTS ENTERTAIN PASADENA VISITORS

Brownie Scouts entertained 16 members of the Brownie Scout Troop of the Willard School in Pasadena, Monday, at their meeting at 692 West Sierra Madre blvd. Mrs. Russell Keller, Mrs. Arthur Phernombucq and Mrs. Ross Marshall assisted. Local Brownies who acted as hostesses were Patricia Marshall, Carol Pierson, Sally O'Donnell, Regina Andrews, Mignon Murphy, Sylvia Smythe, Marian Jones, Diane Mason, Marilyn Simpson, Patricia Keating, Dolores Bailey, Anita Annas, Ila Mae Perry.

OBITUARY

MISS ANNE C. GLEIM

Private funeral services for Miss Anne C. Gleim, who passed away at her home, 241 East Grand View avenue, were held Wednesday afternoon at 2 o'clock at the house, with Dean A. G. H. Boie officiating. Miss Gleim, who was born in Lebanon, Pa., December 3, 1856, had lived in Sierra Madre for three years, coming here from Elsinore, Calif. She had been an invalid during her Sierra Madre residence.

Miss Gleim attended Swarthmore College in Pennsylvania, and Miss Blow's Kindergarten school in St. Louis. She was formerly a kindergarten teacher in Lancaster, Pa., but had lived in California since 1920.

She is survived by three sisters: Mrs. Tacy Dunning; and Miss Mary Agnes Gleim, Sierra Madre; and Mrs. J. E. Williams, Atlantic City, N. J.

Trio Follows Revived Old Santa Anita Trail To Nearby Wilderness Playground

Minor Harkness of Sierra Madre was one of a trio on horseback that took a long ride on the recently revived old horse trail up through the Big Santa Anita canyon to Chilo. The trail starts from the canyon to Sturtevant's over Newcomb's pass into the West Fork of the San Gabriel canyon then up the short cut canyon, over the Angeles Crest Highway, into the bottom of Tujunga canyon and then into Charlton Flats and Chilo. There is a one mile stretch of trail from Angeles Crest highway from the short cut to Tujunga canyon which is now being worked on and will be ready for travelers in about ten days. A short detour was necessary at that point.

Colin Stewart and Mrs. Lena B. Robertson were other members of the party from the Cali-

fornia Horsemen's Club, who started from Arcadia and made the trip in about eight hours. Mr. Stewart, president of the Horsemen's Club, has constructed a corral for horses at Chilo and has turned it over to the forest service so it is now open to the public. Riders should make arrangements ahead of time to get feed for their horses up to the corral when they plan a trip. The trail is in excellent condition and it is expected that local horsemen will take advantage of it for camping and vacation trips into the nearby back country.

The Santa Anita forestry station announces that weather conditions in the Charlton Flat section are ideal and extra precautions must be taken to avoid forest fires.

Hoepfel Hops Back Into GOP Ranks

Former Congressman John H. Hoepfel of Arcadia has hopped back into the Republican party and hopes to hop back into Congress this fall as a GOP candidate. He announced his intention at a meeting of the 48th district Republican Assembly in Glendora last Thursday.

Mr. Hoepfel had been a Republican but sensed the Roosevelt ground swell in 1932 and shortly before the primary election, changed his party affiliations to Democratic, immediately afterwards announcing his candidacy for Congress. He was elected but later became involved in a scandal and was disqualified.

Polo And Jumping At Riviera Sunday

High goal polo will be on tap for equestrian fans with the opening of the summer tournament the latter part of the month at Riviera Country Club. Leading up to this tournament will be a series of elimination matches which will be played during the month, two of these tilts being scheduled for Sunday afternoon. Hollywood poloists, with "Big Boy" Williams will play a Riviera crew skippered by Tex Austin.

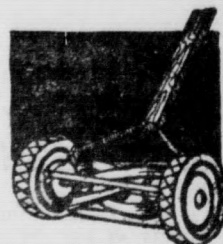

The other skirmish will see Beverly Hills arrayed against a San Fernando Valley outfit in the first game which starts at 1:45. Equine jumping events will be held each Sunday.

FIRE FLAMES

The new by laws of the fire department are nearing completion and when they become effective, a member automatically becomes an inactive member at the age of 60 years. Several of the men are nearing that stage—a few who are charter members. They will be replaced with the youngest men available who are physically fit of good moral character, are residents of and employed in Sierra Madre. They must be allowed to leave their employment for a fire call. It is very important that they be able to get along with others. How many do you know who could qualify?

All firemen who could get there were at the cemetery to help Harry Lange in the annual cleanup campaign. What the thought would be just an hour's work turned out to be almost an all day's job. Several truck loads of debris were taken away.

What A Girl Sees Ramblin' Round

GROWING gardenias... which sometimes feazes even the most seasoned gardener... is quite a simple matter for George Smart... who at his dry cleaning establishment on the boulevard... had a low dish filled with creamy petaled and heavenly fragrant flowers. The bush from which they were picked isn't especially large... he said... but it has been blossoming profusely... and even after heavy picking... there are still about three dozen of the beautiful flowers left... He has another bush that isn't quite ready to bloom yet... but it will be soon... so for another two or three months the Smarts will have plenty of gardenias for corsages and decorations.

There's a Los Angeles resident who can sympathize with the Sierra Madrean who telephoned to police for help... because a burglar was in the house... the burglar turning out to be a mouse... But in this case... which happened in Santa Monica... the housewife called police and said "I think something is wrong at my house"... She told them on arrival that she had set a rat trap in a rear bedroom but "it caught something bigger than a rat"... They found she had trapped a skunk... and helpless in the presence of the animal... called a humane officer who killed it... Then everybody went odorously on their way...

There wasn't any skunk in the Kiwanis pet show... nor an "aunt" in a bottle... either as the story read in last week's NEWS... but there were three big turtles... that enjoyed the cool damp ground under large leaves... a fat gray rabbit... with a homedead dog collar and leash... two white ducks long necks tied with green ribbons to match the doll carriage they were paraded around in... a huge frog... "Blinky"... a baby screech owl... pride and joy of young Wayne Carpenter's life... a very well behaved owl... he just sat there and stared... The Smythe children showed splendid chickens... but for some unknown reason... Mrs. W. R. Smythe said... the rooster insisted on sitting upon the nest in a portable coop... No amount of coaxing could persuade him to be a gentleman... So he sat on the nest and the hen stood disconsolately...

The name of Dr. Harry Rimmer is well-known in Sierra Madre we have discovered... It is very familiar to us also... because Dr. Rimmer fills the pulpit in the First Presbyterian Church in our Minnesota hometown... and although we knew he had a nationwide reputation for his evangelistic work, were greatly surprised to learn that he was at one time pastor of Bethany Church...

Working last Thursday made Memorial Day seem anything but a holiday... The streets were quiet of course... with throngs of the population enjoying themselves at the beach... at picnics or any place... but from the appearance of Sierra Madre boulevard... it might just as well have been Easter or Thanksgiving... What we are getting at is the lack of flags... There were not more than two in the entire business district... Scattered around the residential section was a greater number... but not too great... In fact, Sierra Madre might well be ashamed of itself for the non-showing of patriotism made on Memorial Day... Maybe the villagers will do better next Friday... which is Flag Day... and on the Fourth of July... and we may see Old Glory floating in the breeze on every hand... as it should be... now of all times.
—Viola Backes.

DOG IS QUARANTINED

A dog owned by Mrs. Katherine Grijalva, 136 West Highland avenue, has been ordered permanently quarantined and cannot be taken off the premises except on a leash. This notice was served Mrs. Grijalva Wednesday, following filing of an affidavit by Dorothy Davis, 196 West Montecito avenue, with Police Chief Gordon McMillan. The dog attacked Miss Davis and other Sierra Madreans, it is claimed.

Tells Success Of A Cooperative Health Service

Robert Young, 110 East Mira Monte avenue, secretary-treasurer of the Co-operative Health Service of Pasadena, spoke Wednesday at a meeting of the Pilgrim Co-operative Society in the Crown City. Mr. Young, who has just returned from Elk City, Okla., where there is said to be successful co-operative health service, spoke on "The Place of Co-operative Medicine in Pasadena."

The Farmers Union Co-operative Hospital in Elk City, first one of its kind, was organized about eight years ago and is working exceptionally well, Mr. Young reported. It is used by approximately 2,500 farm families who built the hospital themselves and who pay for their medical, surgical and dental care on a yearly basis.

Sierra Madreans Are Going In For Air Conditioning

Following the lead of the Sierra Madre Savings Bank which was first to install an air conditioning system here, several other local business houses and home owners are arranging to have their premises made comfortable for the summer season. Among others is Decker's bakery which has just awarded a contract to the Sierra Madre Hardware Company for installation of one of its Essick air conditioning systems.

Continued from Page One

dent at Woodrow Wilson and both campuses of PJC will be included in the ceremony; a complete list of graduates from Sierra Madre will be announced next week.

Freedom to think and plan and dream; freedom to choose a life work and train for it; freedom to enjoy the commonplace things of life; freedom to serve the nation to the best of one's ability; and above all, freedom to rise above the din and turmoil of the present day and find strength in clear thinking and confidence in the God of Freedom, are some of the things which seemed of greatest worth to the student committee that selected the theme.

Against a background of music for the event composed by Vladimir Ussachevsky, noted composer and former PJC student, Henry Van Dyke's poem, "God of the Open Air," will be interpreted by readers and by beautiful lighting effects upon the symbolic structure to be erected upon the field of the Rose Bowl.

The symbolic structure will typify the confused thinking in the world, with colored lights growing more intense and discordant until there is a complete blackout, through which the clear tone of idealism, youth of today, comes through the darkness.

More than 3200 graduates will be announced by a trumpet call at 7 o'clock — comprising eight graduating classes — five junior high schools, nurses from the Huntington Memorial Hospital Training School, and the 12th and 14th year classes from PJC.

**Last Chance To Be Counted
In The Census Of 1940**

Mr. Kingdon H. Hicks
Supervisor of the Census
234 South Brand Blvd.,
Glendale, California

To the best of my knowledge and belief, I have not been included in the 16th Decennial Census of Population which has just been taken in this community. In addition to myself there are also members of my family who have been omitted.

NOTE: If you have moved to the above address since April 1, 1940, please give the following information:

Odds and ends of the census taking in Sierra Madre are being cleaned up at the Glendale office of Supervisor Kingdon Hicks of this area and local residents who for one reason or another were missed by enumerators may still be counted. Mr. Hicks informed the NEWS yesterday.

Realizing rather late the importance of every citizen being counted as a matter of increasing the city's income through gas tax allocations and other sources for street paving and other improvements, a number of citizens sent

in their applications to be counted within the last few days.

For the convenience of Sierra Madreans, who, because of their absence from the city, from home, or for any other reason were not counted, The NEWS publishes the application below which has been approved by the Census Bureau. If properly filled in and mailed promptly to the supervisor in Glendale, those who were overlooked may still have their names and members of their family added.

Home Gardener Has His Own Little "Jeweled Corridor" Of Epiphyllums On East Montecito Avenue

Rivaling the orchid in delicate waxy beauty, epiphyllums, in spite of their lowly origin, present a spectacle of unusual loveliness in the garden of George Cox, former chief of police. The botanical name of the flower means "leaf cactus," but there are no leaves, only a leaf-like stem upon which the flowers are borne. While it is now a little late for them, there were two striking red blossoms on one of the seven Cox plants yesterday. He has three red ones, three white—which are especially beautiful with their "dipped in wax" appearance—one salmon pink and one pink.

"My collection isn't exactly the 'jeweled corridor' that is attracting thousands to the great collection at the Coolidge rare plant gardens," said Mr. Cox, "but we have enough of them to show how rich the colors are, and how delicate, and beautiful the flowers are."

The flowers are native to Brazil, Mexico, the Argentine and other tropical countries, but many of the newer types have been developed in Europe. They have been in cultivation for many years, and there are many fine hybrids. Like all cactus, the flowers are large and very showy. They come in practically all colors of the rainbow, and Mr. Cox' favorite is a large bronze flower. He has seen epiphyllums with as many as 75 blossoms, and thinks one of the most spectacular sights in the flower world is a blossom 12 inches in diameter. When cut at the height of their blooming period, they last about a week, he said.

All of Mr. Cox' epiphyllums came from cuttings and he has had no trouble with them at all. They are quite easily cultivated, requiring a semi-shady location in a mixture of one-third good sandy

loam and two-thirds well rotted oak leafmold. Good drainage is especially essential.

Barlow Coral Trees In Bloom Now Are A Beautiful Sight

Flaming beauty ascends to the sky at the W. J. Barlow estate on West Highland avenue where five large coral trees are now in full blossom with brilliant flowers making a lane of color on Highland avenue. The trees seed themselves, according to W. C. Kennedy, caretaker of the estate, who pointed out the slender pods.

An ancient black mulberry tree covered with berries and a joy to pigeons and other bird visitors to the estate is a mass of berries. The branches spread out about 55 feet, leaving a large cool, shady area underneath where many people might relax. Before it was trimmed it measured about 75 feet, Mr. Kennedy says, and the branches formed a canopy which grew and grew. The trunk of the tree is small in proportion to such a large spread. There used to be six mulberry trees on the estate, but this and a white mulberry tree, are the only ones that remain.

Garden Club To Meet At Rappolee Home

Sierra Madre Garden club will meet at 6 o'clock Monday evening at the home of Commander and Mrs. C. E. Rappolee, 491 West Montecito avenue. A pot luck supper will be served in the patio. Please bring your own service.

Jacques Hahn, president, will give a colored slide lecture that will interest all garden lovers. Remember the plant exchange that never fails to bring satisfaction to all. Also, pack your garden problems in the question box—efficiently answered by Mr. Hahn. An invitation is extended to all who are interested in flower culture.—Georgia Foster.

MODERN JOAN OF ARC AT THE PLAYHOUSE

A modern Joan of Arc, defying the despoilers of free thought and religion, provides the central figure of high drama in Norman Macowan's turbulent play of freedom, "Glorious Morning," which comes to the Pasadena Community Playhouse stage for one week only, June 11 to 15. Not since the memorable "Judgment Day" has a play painted the scene of dictatorial thought and action as forcefully and brilliantly as does "Glorious Morning."

HERBERTS OFF ON A MIDWEST VACATION

Dr. and Mrs. C. L. T. Herbert, 223 North Mountain Trail avenue, left yesterday for a three weeks trip through the Middle West. They will visit relatives and friends in several states, and their itinerary will include Illinois, Iowa, Minnesota and Nebraska. At St. Louis, Mo., Dr. Herbert will attend the national convention of the American Osteopath Association and also expects to attend class reunion at the University of Iowa. The Herberts expect to return to Sierra Madre, by way of Salt Lake City, about July 1. During their absence, Mrs. Herbert's sister, Mrs. R. S. Hayden of San Diego, will occupy the Herbert house.

SCOUTS ENTERTAIN PASADENA VISITORS

Brownie Scouts entertained 16 members of the Brownie Scout Troop of the Willard School in Pasadena, Monday, at their meeting at 692 West Sierra Madre blvd. Mrs. Russell Keller, Mrs. Arthur Phornobucq and Mrs. Ross Marshall assisted. Local Brownies who acted as hostesses were Patricia Marshall, Carol Pierson, Sally O'Donnell, Regina Andrews, Mignon Murphy, Sylvia Smythe, Marian Jones, Diane Mason, Marilyn Simpson, Patricia Keating, Dolores Bailey, Anita Annas, Ila Mae Perry.

OBITUARY

MISS ANNE C. GLEIM

Private funeral services for Miss Anne C. Gleim, who passed away at her home, 241 East Grand View avenue, were held Wednesday afternoon at 2 o'clock at the house, with Dean A. G. H. Bode officiating. Miss Gleim, who was born in Lebanon, Pa., December 3, 1856, had lived in Sierra Madre for three years, coming here from Elsinore, Calif. She had been an invalid during her Sierra Madre residence.

Miss Gleim attended Swarthmore College in Pennsylvania, and Miss Blaw's Kindergarten school in St. Louis. She was formerly a kindergarten teacher in Lancaster, Pa., but had lived in California since 1920.

She is survived by three sisters: Mrs. Tracy Dunning, and Miss Mary Agnes Gleim, Sierra Madre; and Mrs. J. E. Williams, Atlantic City, N. J.

Trio Follows Revived Old Santa Anita Trail To Nearby Wilderness Playground

Minor Harkness of Sierra Madre was one of a trio on horseback that took a long ride on the recently revived old horse trail up through the Big Santa Anita canyon to Chilo. The trail starts from the canyon to Sturtevant's over Newcomb's pass into the West Fork of the San Gabriel canyon then up the short cut canyon, over the Angeles Crest Highway, into the bottom of Tujunga canyon and then into Charlton Flats and Chilo. There is a one mile stretch of trail from Angeles Crest highway from the short cut to Tujunga canyon which is now being worked on and will be ready for travelers in about ten days. A short detour was necessary at that point.

Colin Stewart and Mrs. Lena B. Robertson were other members of the party from the California Horsemen's Club, who started from Arcadia and made the trip in about eight hours. Mr. Stewart, president of the Horsemen's Club, has constructed a corral for horses at Chilo and has turned it over to the forest service so it is now open to the public. Riders should make arrangements ahead of time to get feed for their horses up to the corral when they plan a trip. The trail is in excellent condition and it is expected that local horsemen will take advantage of it for camping and vacation trips into the nearby back country.

The Santa Anita forestry station announces that weather conditions in the Charlton Flat section are ideal and extra precautions must be taken to avoid forest fires.

Hoeppel Hops Back Into GOP Ranks

Former Congressman John H. Hoeppel of Arcadia has hopped back into the Republican party and hopes to hop back into Congress this fall as a GOP candidate. He announced his intention at a meeting of the 48th district Republican Assembly in Glendora last Thursday.

Mr. Hoeppel had been a Republican but sensed the Roosevelt ground swell in 1932 and shortly before the primary election, changed his party affiliations to Democratic, immediately afterwards announcing his candidacy for Congress. He was elected but later became involved in a scandal and was disqualified.

Polo And Jumping At Riviera Sunday

High goal polo will be on tap for equestrian fans with the opening of the summer tournament the latter part of the month at Riviera Country Club. Leading up to this tourney will be a series of elimination matches which will be played during the month, two of these tilts being scheduled for Sunday afternoon. Hollywood poloists, with "Big Boy" Williams will play a Riviera crew skippered by Tex Austin.

The other skirmish will see Beverly Hills arrayed against a San Fernando Valley outfit in the first game which starts at 1:45. Equine jumping events will be held each Sunday.

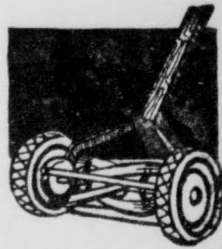

FIRE FLAMES

By One of the Boys

The new by laws of the fire department are nearing completion and when they become effective, a member automatically becomes an inactive member at the age of 60 years. Several of the men are nearing that stage—a few who are charter members. They will be replaced with the youngest men available who are physically fit, of good moral character, are residents of and employed in Sierra Madre. They must be allowed to leave their employment for a fire call. It is very important that they be able to get along with others. How many do you know who could qualify?

All firemen who could get there were at the cemetery to help Harry Lange in the annual clean-up campaign. What the thought would be just an hour's work turned out to be almost an all day's job. Several truck loads of debris were taken away.
